

FIT Suppliers

Ofgem (the energy regulator) have published a list of licensed suppliers of Feed-in Tariff. Suppliers that have over 50,000 domestic customers are obliged to purchase FIT.

The Ofgem list of registered Feed-in Tariff suppliers is below. Most have information on their website regarding FIT payments and export payments. FIT payments are standardised with homeowners being offered **14.38p/kWh** for every unit generated (and usually offered an additional fixed payment of **4.77p/kWh** for around 50% of total generation).

British Gas

Telephone: 0800 316 1477
