

Before

Prior to Miss Andrews installing solid wall insulation her home was always cold despite, resulting her having the heating constantly on and spiralling fuel bills. Plus, as she needed to repaint her house installing solid wall insulation was the perfect solution.

Problems

- always cold
- high energy bills
- difficult to keep warm

Guildford resident Miss Andrews installed external solid wall insulation and was so pleased with the results she wanted to tell other residents all about the benefits.

After

Miss Andrews, has already seen a reduction in her energy bills and is looking forward to her property being warmer over the winter. Plus she commented on how her property "looks nicer" and praised the installers work saying "they did a very good job and took extra care".

Benefits

- reduced energy bills
- property looks much better than it did
- feels warmer

"I would recommend solid wall insulation to anyone living in a property like mine".
